

County of Riverside General Plan

Administration Element

1. **General Plan Review Cycle.** This cycle occurs every five years after adoption of this General Plan. It:
 - a. Is initiated by the County.
 - b. Is primarily intended to assess General Plan progress and issues related to its implementation.
 - c. Is the only time, other than a declared extraordinary amendment or an Agriculture Foundation Component amendment, that a Foundation Component of the General Plan may be considered for change.
 - d. May include policy, entitlement and technical amendment proposals determined to be an appropriate part of this cycle.
 - e. Extends planning projections another five years into the future, identifying required adjustments in the General Plan, if any, to accommodate anticipated needs.
 - f. Includes special considerations to reassess the Vision and Planning Principles and recommit to them. This five-year interval also permits a comprehensive evaluation of CETAP and MSHCP progress, with refinements as necessary to enable further implementation of these programs as they relate to the General Plan.
